TESTIMONIALS

“ West Marine chooses to do business with PYI/ Seaview because we recognize the quality in their products, excellent reputation and great customer service. PYI helps West Marine offer our customers the best products for their marine application. The result is happy customers that continue to do business with West Marine because of the quality products offered. One thing I like in particular is their customer service. I find that if we have any issues or concerns, PYI will provide solutions in a very timely manner. I would recommend PYI/ Seaview to people who need quality marine products with a very high level of customer service.”

- Gary Williamson, West Marine

“ Back Cove Yachts offers 5 different models and produces 50+ boats per year. Consequently, we work with hundreds of vendors. We require parts and materials to be delivered on a schedule and be of excellent quality. We have been able to rely on PYI, Inc. to deliver the parts we need, when we need them and maintain the quality levels we expect. PYI, Inc. has remained a significant source in our supply chain. In part because of the reasons mentioned above, but also due to excellent customer service and engineering support. We look forward to continuing an exceptional partnership for years to come.”

- Keith Warren, Back Cove Yachts

“ I am writing to share with you both my experience in dealing with PYI Seaview in trying to find a solution for a custom mast for a yacht I am purchasing.

I have never before written the Owner or Management of a company to commend an employee. However, I would be remiss if I did not do so in this case. As evident in the below series of e-mails, Mr. Abrahamsen has displayed tremendous patience and professionalism in his interactions. I profoundly appreciate his assistance. As a result of his dynamic and exceptional customer service I hold PYI Seaview in the highest regard and will certainly recommend this company to anyone seeking such a product solution. I hope you appreciate the asset he is to your company.”

- Mike
